Uma Gets Her Valley Girl Butt Stuffed and then Some.

tacocat55

*Character based on Uma Jolie

Uma knew she was in trouble as soon as she awoke in a dark, dimly lit cave. With a collar around her neck, the green eyed, tan vixen realizes that she is staked to the ground, her metal chain just over ten feet long. With only vague memories of two weird girls talking about experiments, the petite, long legged teen is still dressed in her skin tight yoga booty shorts and her sports bra, not that her flat chest needed any support. With skinny legs leading up to her surprisingly round little rump, and a sexy face with large 'fuck me eyes', Uma was the queen of high school and, unsurprisingly, the bane of many people's existence.

"Um, like, hello!!! Is anyone there?!?!" Uma yells, her nasally valley girl voice echoing off the cave walls as she inspects the dank, moist cave, lit only by a few out of reach torches. She's barely up for a minute before she hears loud, thundering footsteps slowly approach.

"Who is that?! Like this is soooo not cool! You better let me out like right now, or, or I'll-gasp!" The cute athletic teen yelps out, the girl covering her mouth with both hands and gulping as a massive, four legged creature, dripping with slime and the size of a grizzly bear, stomps into sight. With a neck leading to what looks like a featureless blob of a head, the purple monster is ready to make use of its new mare. With its massive, two-inch-wide, foot long cock swinging erect between its legs, the oozing beast shakes the ground as it lethargically stumbles towards the panicking, screaming girl.

"EEWWwww gross get away from me!" Uma demands as she pulls on her metal chain before giving up and running into a corner as the horny, dripping monster traps her.

"Please, like whatever you are, leave me alone!" She exclaims as the monster stands up on its hind legs and lets out a deafening roar, Uma covering her ears before the huge hulking mass slams back into the ground, splashing slime all over the room and across Uma's entire body.

“EW EW EW EW EW!!!” The teen cries in disgust, gaging as she wipes huge globs of purple slime from her face before being pulled abruptly forward by a tug of her chain, the creature’s colossal strength causing the petite girl to fall before it. Still drenched in thick slime, Uma slowly gets up before being pushed back down with a gentle but firm stomp, slime splashing across her back.

“No, please! I want to go home! I’m like totally just a sweet young girl!” She begs before hearing a sinister laugh fill the empty cave. Looking into the shadows, Uma doesn’t see the source but clearly hears the words which sting into her ears and made her heart nearly stop.

“Now now Uma, we all know you aren’t such a sweet girl.” The female voice said with a cackle.

“Like, who the hell are you! You better like let me out of her right now, or like I swear I will like-“

“Take a breath Uma, your Valley girl slang was stale in high school but with that body, in particular that round firm butt of yours, you somehow managed to still be the most popular girl. A true testament to what being a little butt slut can do.”

“Oh my god, this like totally makes sense, you are just so ugo loser.” Uma says in her best Mean Girls impression, ”Like let me guess. Are you that fat girl I teased all the time, or are you like that stupid nerd I like totally shoved into a locker for like a whole day with like rotten fish. Hahaha! That was like soooo my masterpiece.” Uma says with a coy, popular bitch girl laugh.

“Laugh it up you little slut.” The voice said sharply, causing the perky teen to go silent as she remembered her predicament, “Let’s just say I represent all the people you have hurt. And my special friend behind you is going to destroy any, and I mean any chance, that your cute little firm meaty butt will ever be able to close again. Enjoy wearing a diaper for the rest of your life you little cunt.” The voice said as Uma heard the mysterious girl start to walk off.

“Wait please! I’m like totally sorry! This is like stooping down to my level, you, I can tell you are like soooo totally cooler than that! We can be friends! I swear, I’ll make you popular no matter how ug-I like mean no matter how ‘different’ you are!” Uma begged, somehow still being incredibly condescending as she heard the footsteps stop, Uma holding her breath as she heard these words coldly speak, “Get her ass boy.” And with that the monster let out a huge roar.

“NNOOooooo please! You psycho bitch, you can’t do this do me!” Uma declares, still defiant before looking behind her at the lumbering giant as it took a step towards her. Trying to crawl away on the ground, Uma gets only a few feet before a slimy foot comes down on her neck, holding her in place.

“Like let me go you fucking monster!” Uma screams as she thrashes like a wild animal, the beast lifting its foot and leaving a hardened slime restraint around her neck, locking her in place.

“Help me! Please somebody help me!” The little brat yells before the creature forces her onto her knees, her round onion booty sat on top of her skinny legs. Still screaming and flailing, the girl falls still as a hot, slimy dick the size of her upper arm flops onto her back, drenching the teen’s body in purple, translucent goo.

“No please, no god you can’t!” She begs as the dick pulls off her back and presses against her ass, the teen’s tight yoga booty shorts still on as the clumsy creature places its front legs on the girl’s shoulders and starts to push in.

“OOOOWWwwwww you fucking idiot! My pants are still on! OOOwwww what, like what are you doing?!” She whines as the monster pushes harder into her dark brown anus through her skimpy shorts, her experienced hole finding its match as it slowly starts to open.

“You stupid beast, your like forcing my shorts up my ass!” She screams angrily as the monster gets about two inches into her before the tight fabric prevents it from going deeper.

“Ahhhhh good, good boy!” She exclaims as the creature pulls back, the teens shorts pulled skin tight around her curvy ass, the placement of her anus given away from the material that is still stuck inside her rectum. But her sigh of relief is premature, as the impatient monster, not willing to wait for the teen to take off her shorts, slams hard into her ass, causing her shorts to audibly stretch, rip, and run thin.

“NNNNgggggmmmm!!!!!!” The teen whines as the monster is four inches inside her ass, her own shorts acting as a dry, coarse condemn as her pants steadily rip, unable to stand up to the immense strain.

“GGGghhhhhhhhhhWWAAAAaaAAAaaaAAAhhhhhhhh!!!!!!” Uma screams at the top of her lungs as her ass is, in the blink of an eye, sodomized a whole foot as her shorts ripped at the seams, the entire little article of skimpy clothing wrapping around the monster’s dick and being mercilessly stuffed up her anal cavity. Letting out a guttural moan, Uma simply flails and wails as the monster pulls back out until just the tip is in, her slime drenched shorts hanging out from her ass.

“Ppppplllleeeeassseeeee……” Uma says between her deep breathing, her skinny legs trembling and her stuffed anus drooling slime from the edges of her red, swollen anal ring, “Please pull out all the way.”

Letting out a roar, the monster refuses and instead shoves its full, foot long, two-inch-wide, cloth wrapped dick slowly back into the girl, who lets out a pained, ‘OOooohhhhh’ until it bottoms out.

“My ass, my perfect ass NNNNoooooohhhhh!” The tan teen whines as her legs convulse and kick beyond her control, the face down, ass up teen still glued by the neck to the ground. Constantly letting out pained gasps while gasping for breath, the girl grinds her teeth and clenches her fist and feet as she lets out a loud ‘AAAAaaaAAahhhaaa’ upon the monster slowly pulling out of the slime coated cutie. With her piercing green eyes filling with tears, the teen lets out a deep grunt before she, against her control, lets out a high pitched and rather passionate ‘OOoohhh <3!’

“Like what the fuck is wrong with me!” Uma screams at herself as tears run down her eyes, the confused beauty groaning in discomfort as the monster

pulls out again, Uma letting out a slutty moan of pleasure before being stuffed again with a thick, booty shorts wrapped, slime coated dick. Acting as a strong aphrodisiac, the monster's slime ensures Uma experiences both heaven and hell while the giant creature really starts to give it to the teen, slamming harder and harder each time into the teen's tight, round ass, slime splashing against her untanned, round buns. A truly magical substance, the slime is also a wondrous regenerative agent that, after bonding with her rectal walls, begins to instantaneously turn every inch of her stretched shitter back to new in the blink of an eye, only to be forced back open when the giant dick barrels back in.

"It hurts! OOOoohhh!!! Please stAAAAhhhAAHhhhpp!!! *sob*" The teen whines, equal parts aroused and anally tortured. Nearing a forced orgasm, the panting, sobbing teen is rode like a rental car, her Hershey highway being destroyed and healed on every pump of the monster's dick.

"NooooOOOOhhhhhh! I'm going to, I'm going to, AAAahhhh, I'm going to cum! Ohhh fu-fooohhh-faahh-fuuhhh-fffuuccckkk!!!" Uma wails loudly, the teen's body-shaking orgasm meet in kind with a massive creampie. With its dick still wrapped in Uma's booty shorts, however, the monster's thick seed is unable to pass through its cloth condom. Instead, the teen screams and tenses tightly upon each of the monster's numerous orgasms, its spunk ballooning inside her short shorts lodged deep up her rectum until they reach the size of a large grapefruit. Unable to pass through the fabric, cum backs up and begins pouring out around the monster's dick, running down Uma's thighs as the teen sobs, her swollen anal ring throbing miserably. Slowly pulling out, the creature's dick slurps out but, to the great misfortune of Uma, her soiled, slimy shorts get stuck just short of the exit, the teen's gaping, blown out hole instantly healing. With a small portion of her booty shorts hanging from her, well booty, Uma weakly reaches underneath herself, still glued to the ground, and grasps the material with both hands.

"NNNNnneeerrrrggghhhh!" Uma wails as she slowly and carefully pulls more of the black material out of her ass until just the grapefruit sized bulge remained. Taking a deep breath, Uma pulls with all her might and wails as her brown asshole reluctantly opens up, the teen's tight button protruding

from her body before starting to spread. Sobbing in shame and agony, Uma takes one more deep breath and rides another embarrassing orgasm as her butthole audibly pops open, leaving her hole to gape and prolapse before returning back to new. Not a second passes before the horny monster, eager to fuck without protection, once again places its slimy paws on her shoulders and, pushing against the teen's dark round anus, now tighter than when she came in, is brutally forced wide in a steady, deep thrust.

"GGGeeerrrr! Not again please!" Uma begs, but to no avail. Now with nothing to block its path, the monster once again begins pounding progressively deeper and harder into the helpless beauty. After the five longest minutes of her life, the grunting, crying, moaning teen tenses up and has a messy wet orgasm, her tight pussy drenching the ground below as the monster made sure to force feed its special creamy sauce deep into her perfect booty.

"OOOhhhh shit!" She whines as her intestines gurgle with hot jizz, "Wait, don't pull out so fa-a-a-AAAahhhaaa-ooooohhhhhh!" Uma bawls as she cums again upon the creature pulling her anus inside out as it quickly withdrew from her between her cheeks. Gaping an inch wide, Uma whines as her pooper is quickly healed back to new. Now bored the giant creature stomps out of the cave, Uma's slime restraint becoming loose around her neck, allowing the tired teen to stand up, although a certain rumbling in her tummy makes her worry.

"That was quite the performance Uma." The sinister voice says with a coy, popular girl laugh somewhere in the shadows, "But I'm afraid my monster left your slutty little ass even better than before. I can't have that now can I?"

"Please, I like totally swear I learned my lesson! Cross my heart. Please I'm like begging you! Let me go!"

"Very well, as you wish." The voice said, as the collar around her neck suddenly unlocked and fell to the ground.

"Thank you!" Uma exclaims, "And now that I'm free I'm going to like totally fucking kill you!" She yells angrily as she rushes to where she hears

the laughing, only to find a baby monitor on a stool.

“What the fuck! Like where are you! Show yourself you little bitch!” Uma demands before groaning and rubbing her tummy as it gurgles loudly again.

“I see you learned nothing, I knew putting those eggs in you was a good idea. With all that cum up your squishy butt, no doubt they are fertilized.”

“What?! Like what the fuck are you talking about?!” Uma yells before doubling over as she feels movement within her tummy.

“You’ll find out very, very shortly. I can promise you that Uma. Say farewell to your tight ass, it won’t heal so easily after this.”

“After what!? You tell me now or like I will totally-AAAAAAAHHHHHH!!!” Uma wails as an immense pain forces her to crouch down and wail as something rapidly moves through her intestines. With her body shaking and her face turning dark red from effort, Uma strains with all her might, her brown, practically virginal anus clenching and prolapsing several times before letting out a massive, slime filled fart, the girl grunting as her hole sputtered spunk in painful farts.

“Oh god, oh god no! There’s something in my OOOhhhhh, UUhhhnnnn!” Uma bawls as she places her hands on her knees and starts straining once again, her nails digging into her skin and the teen breathing through her teeth while something erratically and painfully slurps through her bowels.

“Something’s coming out!!!” Uma wails as she grinds her teeth and grunts in agonizing pain as a two inch, foot long slime monster exploded from her ass, followed immediately by another, and another. Unable to control her bowels, the teenage beauty queen sobs as she finds her ass spitting out massive gooey worms in rapid succession. She is soon too tired to stay on two feet, the round bottomed girl falling to all fours. Hanging her head low in shame, Uma simply lets out an ‘OOOhhhh’ or an ‘AAAhhh’ after each worm is painfully birthed from her ass.

Twenty long ass wrecking minutes later, Uma is finally done, having birthed nearly fifty of the massive creatures that one by one grew in her

stomach and raced down the full length of her bowels. Sobbing and still on all fours, Uma is unable to see her drooling, cum dumpster of an ass gaping nearly two inches wide, her anal ring having turned massive and swollen from the abuse it had to take. Out of breath, Uma simply moans and cries face down, gaping ass up.

From the safety of her observation room, Miranda lets out a sinister smile.

“It looks like another stunning success Shirley.” She tells her redheaded boss.

“I would certainly say so, great evil voice by the way!” She says with a brace filled smile.

“Thanks! I learn from the best.”

“So, what should we do with her Miranda? Any ideas?” Shirley asks as the exhausted teen’s ruined hole winks over and over, the girl reaching back and letting out a horrified cry as she feels just how ruined her asshole is.

“I say we keep her, look at how many of those eggs she was able to take to full term!”

“But that would make us liars Miranda, we promised she was free to go.”

“More of an insinuation. I guess that is just too bad for her. MWhahahah!”

“Oh so we are going to laugh maniacally now?” The cute redhead teen asks annoyed.

“Well ending with evil laughter is a common trope. I think it is fitting.”

“Alright fine.” Shirley says with a flick of her hair.

Filling the room with evil cackles and laughs, the two scientist watch from their observation room, while down on the ground the ruined teen lets out another grunt and goes tense as a straggler worm slowly pushes from her hole before it falls to the ground, the teen’s butthole blowing a cum bubble before winking tightly and gaping again.
